on

Intellectual Property Right (IPR)- An Overview

29th April, 2023

Organized by
Department of Pharmaceutical Chemistry & Chemistry
Dolphin (PG) Institute of Biomedical & Natural Sciences,
Dehradun- 248007

About Workshop

Intellectual Property Rights (IPR) plays a vital role in enhancing the socio-economic prosperity of the country. Creativity and innovation are new drivers of the world economy. With the increasing relevance of Intellectual Property (IP) in this era of globalization, it is important to recognize the role which IP systems play, in the growth of the Nation. Thus, there is a need to create large public awareness about the pivotal role of IPR in the globalized knowledge economy. We at Dolphin PG Institute have always strived for creating an excellent academic ambiance by putting a high value on creativity and innovation. The institute in a short duration of time has established itself as a high-quality education provider with prime focus on holistic learning and research and innovation. The power to evolve innovations and thinking in an innovative manner can be augmented by means of creating Intellectual Property (IP) awareness amongst its stakeholders. Thinking in an innovative manner can be improved by means of creating Intellectual Property (IP) awareness amongst its stakeholders- Faculty members & the students, who are directly or indirectly involved in the process of innovation.

Title	Intellectual Property Rights and Innovation
Name of the Activity	Seminar
Date	21/12/2022
Venue	Auditorium
Organized By	Department of Biotechnology
Resource Person	Mr. Ankur Sharma
No. of Participants	45 Students
Event Objective	The primary objective of the seminar was to provide participants with a comprehensive understanding of the crucial intersection between intellectual property and the innovation landscape. The event aimed to elucidate the significance of protecting intellectual assets in fostering innovation and economic growth. Through insightful discussions and expert presentations, the seminar sought to enhance participants' awareness of various forms of intellectual property, their role in promoting innovation, and the legal frameworks governing their protection.
Event Outcome	By the end of the seminar, participants were expected to gain a nuanced understanding of Intellectual Property Rights and their pivotal role in driving innovation. The event equipped attendees with practical insights into identifying, protecting, and managing intellectual assets within the innovation ecosystem. Moreover, participants developed a heightened awareness of the legal and ethical considerations surrounding intellectual property, enabling them to make informed decisions in their professional endeavors.

Introduction:

Dolphin (PG) Institute of Biomedical and Natural Sciences, Manduwala, Dehradun, Uttarakhand, India is organizing seminar on 6th June, 2022. The seminar will emphasize on the theme Role of Bioactive Products In Drug Discovery. This seminar will provide an excellent platform to eminent scientist, researchers and students of the concern subject.

Objectives of the Seminar

The major objective of this seminar is to provide a common platform and an opportunity for young researcher, faculties and post graduate students of concerned area to interact with experienced academicians to exchange their views and ideas in the field of drug discovery. The seminar will also provide guidelines to students for choosing Natural Products a promising area of Research.

Themes of the Seminar: Bioactive Compounds- Path to Drug Discovery

Targeted Participants:

Concern faculties, research scholars, scientists, post graduate students of Pharmaceutical Chemistry, Chemistry Botany, Forestry, Zoology, Biotechnology, Microbiology, Biochemistry etc.

Eminent Speakers:

Dr. Deepak Kumar Gupta, Associate Professor, Department of Pharmaceutical Sciences, Sholani University, H.P

Dr. Dheeraj Bisht, Assistant Professor, Department of Pharmaceutical Sciences, Kamoun University, Nanital

Dr. Versha Parcha, Professor, Department of Pharmaceutical Chemistry & Chemistry, DIBNS

About the Institute

The Dolphin (PG) Institute is spread over on 07 acres of pure lush green belt in the outskirts of Dehra Dun and surrounded by a thick forest cover. The Institute is affiliated to H.N.B. Garhwal Central University, Srinagar, Uttarakhand and is accredited by UGC-NAAC B++ (2nd cycle). It is also approved and recognized by the State Govt. of Uttarakhand. The Institute is approved by Indian Association

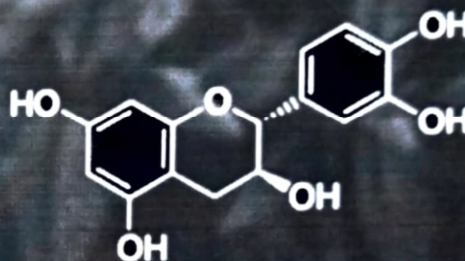

One Day Seminar on

of Physiotherapists (IAP) Mumbai, and National Council for Teachers Education (NCTE), Jaipur. Dolphin Institute offers a large number of job/career oriented UGC approved courses in the field of Physiotherapy, Medical Lab Technology, Microbiology, Medical Microbiology, Botany, Zoology, Agriculture, Horticulture, Biotechnology, Biochemistry, Pharmaceutical Chemistry, Chemistry, Forestry, Physics, Education and Commerce. The institute is committed for providing quality education to the young students and to develop them as professionals in biomedical and natural sciences.

About the Department of Pharmaceutical Chemistry & Chemistry

Dolphin holds the privilege of introducing the Department of Pharmaceutical Chemistry & Chemistry since 2003. The Department of Pharmaceutical Chemistry & Chemistry has been a centre for excellence due to its high placement record & inventory presence in the field of research and publications. The Department has a strong faculty base specialized in various fields of Chemistry from reputed Universities /Institutes. The faculty is also actively engaged in research & outcome of this research is visible in the form of publications in International & National Journals of high impact repute. The Faculty is acting as resource person in various workshops & symposium. Research grants of several lakhs have been sanctioned to various faculty members by prestigious organizations like Department of Scientific and Industrial Research, Ministry of Sciences and Technology, National Medicinal Plant Board, Department of Ayush, Ministry of Health, New Delhi and Uttarakhand Council of Science & Technology (UCOST), ICFRE etc. Few students have been enrolled for Ph. D programme from different universities under the supervision of faculty members. The Department is actively involved in Research areas such as:

- Phytochemical Isolation, Identification of active principle from medicinal plants and Pharmacological screening of various medicinal plants of Uttarakhand.
- Synthesis and evaluation of biological activities of various heterocyclic compounds
- In-vitro Evaluation of dosage forms. Development of novel drug delivery system (Transdermal, Sustained release drug delivery and ionophoretic techniques)
- Analytical Analysis
